## **DETAILED ACTION**

### ***Election/Restrictions***

1. Newly submitted claim 24 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the claim is directed towards a non-elected embodiment, specifically that of Fig. 4.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 24 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 21-23 are rejected under 35 U.S.C. 102(b) as being anticipated by Nobakht (US 5868266). With respect to claims 21-23, Nobakht discloses a container with a movable bottom (Fig.'s 3 & 4, item 24), the container being used for food products (Col. 1, Line 16), the bottom moving the container contents up and down (Fig.'s 3 & 4), the container being a jar, the container having an inner and outer wall, wherein the movable platform has the same shape and fits within the inner wall (Fig. 4), a spring being positioned between the movable platform and bottom of the container, as

Art Unit: 3727

shown in Fig. 4, and the spring being counter-balanced so as to move the contents upwards (Col. 2, Lines 5-13).

### ***Response to Arguments***

3. Applicant's arguments filed 8/7/06 have been fully considered but they are not persuasive. Claim 21 corresponds to cancelled claims 1, 3, 6-8, and claims 22-23 correspond to cancelled claims 2 & 4, respectively, wherein all the cancelled claims were rejected under 35 U.S.C 102 (b) under the same reference, therefore rendering the same rejection applicable to said newly submitted claims.

### ***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
